

ORMA

Orma is considered to be one of the most beautiful and traditional villages of Almopia. Orma is situated 15 km from Aridala, it has around 700 inhabitants working in agriculture and tourism. Small rivers are running through the village and at the beautiful square you will find more than 100 years old plane trees that provide a cool climate despite the warm midsummer. The houses are traditional and the people of Orma are maintaining values, customs and traditions that have their roots in ancient time. The area and the climate favors suitable conditions for growing cherries, peaches, grapes and other vegetables.
